Supplemental Life and Dependent Life Insurance Portability Benefit for Separating Employees Effective 1-1-07

UC employees who participate in the Supplemental Life Insurance and Dependent Life Insurance Plans, can elect one of the following options when they leave University employment:

1. Convert their coverage to an individual Whole Life policy (guaranteed but more costly), or
2. Elect Term Life Portability coverage (also guaranteed but less costly than conversion).

Eligibility Requirements for Term Life Portability:

- Employees must be enrolled in the Supplemental Life (employee paid) benefit.
- Dependent Life benefits may only be “ported” if employee “ports” their Supplemental Life benefits.
- Eligible employees must be actively at work (see below) on the date employment terminates and dependents must not be home or hospital confined on the day of termination.
- Employees and dependents may elect Portability if coverage under the UC policy ceases for any reason other than:
  - Non-payment of premium,
  - The UC plan is replaced by another group plan,
  - End of coverage under the UC group plan is due to illness or injury.
- Waiver of Premium is not applicable.

Is a Statement of Health required for Term Life Portability?
Evidence of Insurability is used solely to determine if the applicant is eligible for preferred rates. If evidence of insurability is not submitted or is unsatisfactory, the Standard Rate Table, which is higher than the Preferred Rate Table will be charged. See next page for where to find Rate Chart.

How much Term Life Portability can be Elected?
An amount equal to, or less than, the amount of coverage in effect while an active UC employee. The maximum Portability Benefit amount is $1 Million – not to exceed 4x the annual salary rate. The minimum amount of coverage is $20,000.

If I Elect Term Life Portability, will my policy ever end?
Yes. Portability Benefit will reduce to 60% at age 65, 50% at age 70, and terminate at age 80.

Definition of Actively at Work:
“Active Employment” means the employee is actively at work on the date employment terminates, is in an eligible class for the Supplemental Life insurance (see page 18 of the Life Insurance booklet), and performs such work:
  a. at the University’s usual place of business; or
  b. at the location to which the University’s business requires the employee to travel.

Employees are considered in Active Employment if they are actually at work on the day immediately preceding:
1. a weekend (except where one of both of these days are scheduled days of work;
2. holidays (except when such holiday is a scheduled work day);
3. paid vacations;
4. any non-scheduled work day;
5. a paid leave of absence (not to include paid sick leave) approved by the University for which premium payments are made.
